***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

With reference to claims 11-17, the prior art of record does not disclose or clearly suggest a method for calibrating the position of blades of a slitter-winder of a paper or board machine, wherein each blade is attached to a blade carriage disposed on a guide, comprising the steps of arranging a positioning member of a calibration tool to touch a slitting edge of the blade to be calibrated, in combination with the remaining limitations in the claims.

With reference to claims 18-22, the prior art of record does not disclose or clearly suggest a device for calibrating the position of blades of a slitter-winder of a paper or board machine, the slitter-winder having pairs of blades comprising a top blade and a bottom blade, each blade being attached to a respective blade carriage which is movable on a guide, which device is disposed in connection with the slitter-winder of the paper or board machine, the device comprising a calibration tool arranged to be attached to the same guide on which the blade carriage of the blade to be calibrated is attached ; and portions of the calibration tool which form an element for indicating the slitting edge of the blade, in combination with the remaining limitations in the claims.

With reference to claims 23-26, the prior art of record does not disclose or clearly suggest a method for changing and calibrating a blade in a slitter-winder of a paper or board machine having an upper and a lower blade, wherein each blade is attached to a blade carriage disposed on a guide, the method comprising the steps of applying a calibration tool to the selected guide, the calibration tool having a positioning member which extends to engage an edge of the selected blade, in combination with the remaining limitations in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the
